

700 Series 8in. Thin Bezel In-Ceiling Speaker

ES-700T-IC-8

DESCRIPTION

Designed to meet both acoustical and aesthetic needs, this sleek ES-700T thin bezel model is equally capable as a music or home theater speaker. Even at low volume levels, you'll appreciate the clarity and detail that these speakers produce. . . and when you turn them up, you'll enjoy a wide, natural soundstage and exceptionally dynamic sound.

SPECIFICATIONS

Woofer:	8" Paper w/Kevlar Cone, Nomex Spider & High Temp Voice Coil
Tweeter:	1" Titanium Catenary Dome, Neo-Magnet Tweeter, Ferrofluid Cooled
Power Handling	230W RMS, 575W Peak
Nominal Impedance:	6 Ohms
Frequency Response	47 Hz - 20 kHz
Sensitivity -2.83 V / 1 Meter:	88 dB
Crossover Frequency:	2.9 kHz
Connector Type:	Gold Plated Push Terminals
Weight:	5.9 lbs.
Grill Type:	Coated, Steel Microperforated (Magnetic)
Mounting Depth:	4.2"
Finished Dimensions:	10.6" diameter, 4.5" deep

Designed to Perform

This thin bezel-look will match any contemporary decor, virtually disappearing into the ceiling for a seamless look.

Precision Engineering

Combines the low frequency responsiveness of an 8" NCS woofer with a 1" titanium catenary dome tweeter. Bringing it all together is a custom 2nd-order crossover network that ensures a precise performance each and every time.

NCS (Natural Cell Structure) Woofer Material

Features the strength of Kevlar™ with the natural sonic qualities of paper in a unique woofer material. A multi-step drying process during manufacturing enables these drivers to retain a natural, open cell structure that results in well-damped, neutral acoustic characteristics.

Catenary Dome Tweeter

The oblong (catenary curve) shape of this tweeter produces increased off-axis acoustic energy, translating to a wider, more engaging soundstage with an open, forward sound.

Lifetime Limited Warranty

All Episode Speakers have a Lifetime Limited Warranty. This warranty includes parts and labor repairs on all components found to be defective in material or workmanship under normal conditions of use. This warranty shall not apply to products which have been abused, modified or disassembled. Products to be repaired under this warranty must be returned to SnapAV or a designated service center with prior notification and an assigned return authorization number (RA).
